

Mental Health Referral Service for Washington's Children and Teens

How do we help families?

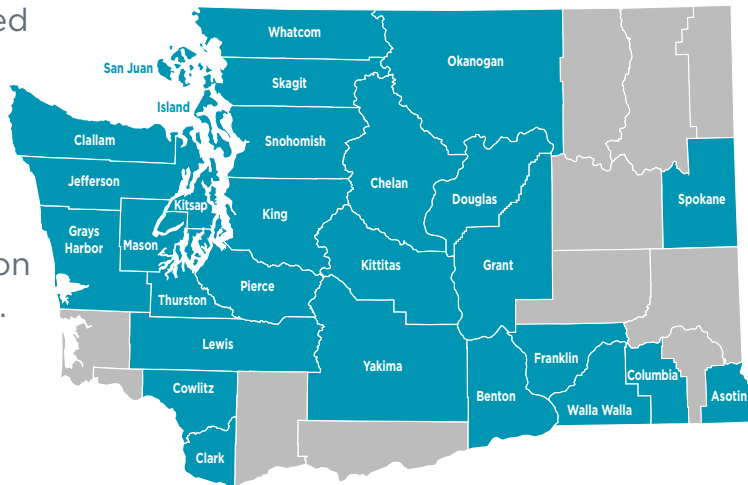

In fiscal year 2019-2020

...we connected with

1,864 families to help find mental and behavioral health resources in their communities.

...we helped families from **28** Washington counties.

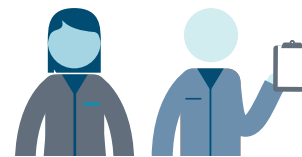

...we successfully helped

60%

of families access mental and behavioral health care providers.

...we added over

2,000 Child Mental and Behavioral Health Care Providers

to our database.
